

FEMA Region 2 Webinar Series

FEMA, Cal OES and the National CERT Association Presents

CERT Grants

Wednesday, August 24, 2022, from 1:00pm-3:00pm ET, 10:00am to 12:00pm PT

There is an old adage that there is grant funding everywhere, including funding for CERT programs. For programs that are adept at finding and applying for grants this has been their best kept secret. For programs that have never received grant funding this has been a mythical unicorn.

Join us on Wednesday, August 24th for a special webinar about how different entities have applied for and utilized grant funding for CERT.

- Kari Korthals with Butler County, Kansas, will talk about how Butler County leverages EMPG grant funding for their CERT programs.
- Nancy Smith, Alicia Woodberry and Andrew Bloniarz will present on how the City of Boston has leveraged various grants to support their CERT program.

Who should attend? Whole community partners, particularly CERT Program Managers and CERT Sponsoring Organizations that want to learn more about how CERT programs apply for and utilize grant funding.
